Key Statistics for Employer Planning

10.7M non-tech graduates per year (AISHE)

62% from rural / Tier-4/5 regions (PLFS proxy)

54% estimated employability (skills-tested baseline)

Methodology & Sources

AISHE: Scale estimate from higher-education outputs.

PLFS: Rural share approximates talent distribution.

Skills Reports: Baseline employability reference.

Note: Estimates may vary by year and region;
we use conservative baselines for planning.
